**LTAEU changeover**  
**information**  
**(as at 30/04/2010)**

Table 1 (which spreads over 5 pages) lists the products that have been issued new ornamentals SOLAs by CRD. This completes the first stage of assessment for the replacement of the Long-Term Arrangements for Extension of Use.

Table 2 lists the products that have been excluded as a result of these assessments and the reasons why.

Table 3 (which spreads over 14 pages) lists the other products currently approved for use in ornamental plant production. If you cannot find the products you currently use under the LTAEU i.e. they do not have an ornamentals approval on- or off-label then they are still approved for use on non-edible crops until they have been assessed by CRD.

The key can be found at the end of this document.

**Table 1: Pesticides with new ornamental SOLAs**

Product name	Active ingredient(s)	LERAP required?	Formulation	MAPP no	SOLA no.	Situation	Expiry
Actara	thiamethoxam	Y	I	13728	2008-2801	Outdoor ornamental plant production	12/09/2011
Afalon	linuron	Y	H	14187	2009-0877	Outdoor ornamental plant production	09/10/2012
Alpha Linuron 50 SC	linuron	Y	H	14215	2008-2805	Outdoor forest nursery	31/12/2013
Alpha Linuron 50 SC	linuron	Y	H	14215	2009-0867	Outdoor ornamental plant production	31/12/2013
Amistar	azoxystrobin	N	F	10443	2009-0443	Outdoor all non-edible seed crops, outdoor and protected forest nursery, protected and outdoor ornamental plant production	31/12/2011
Aquarius	pendimethalin	Y	H	14712	2009-3298	Outdoor ornamentals; protected and outdoor forest nursery	14/06/2013
